Summary

I love technology, and my major is computer science. I'm interested in web development and have some projects which use frontend frameworks such as React, Vue, etc. I have fundamentals in HTML, CSS, JavaScript, React, and Vue. Besides, I can develop an API with Express framework for NodeJS. I have got some experience from my projects for web development.

Experience

Time Table

Personal Project

Sep 2021 - Sep 2021 (1 month)

I developed this project for time management. This project uses ReactJs for the frontend and firebase for the backend
